This Kate Hudson and A-Rod Thing Is *Still* Happening

7/9/09 at 10:40 AM [Comment](#)

[A-Rod and Kate Hudson](#) were being snuggly while dining with Bob Costas and Jill Sutton at Scalinatella. When [Mayor Bloomberg](#) showed up at Upper East Side eatery Ginger House with two big black SUVs, passersby kept asking if Brangelina was inside. [Leonardo DiCaprio](#), Lukas Haas, and a posse of pals hung out at the new Hotel Griffou. [Justin Timberlake](#) wants to write a book about golf. Talk about shiksa appeal: [Britney Spears](#), who was raised as a Baptist, sported a Star of David necklace as she frolicked around Paris this week. And [Rachel Weisz](#) thinks Botox should be banned for actors, like steroids for athletes.

It turns out the \$400,000 worth of jewelry that [Lindsay Lohan](#) was accused of stealing from British *Elle* is only worth \$38,500, which changes everything, but not really. [LiLo](#) also denies claims that she stole the formula for her spray-tanning line from a Florida scientist. [Michael Jackson's](#) brain was not in his body at the memorial service, since experts were still performing toxicology tests to determine the cause of his death. [Lady Gaga](#) channeled Darth Vader at the Isle of Malta MTV Special. [James Franco](#) made a video about his rejected UCLA commencement speech. The [Backstreet Boys](#) are releasing a new single, about a decade too late. [George Clooney and Bill Murray](#) partied with Italian actresses on Lake Como. [And Alec Baldwin cycled like crazy at Amagansett's B East fitness studio.](#)

[Serena Williams](#) ordered a shake from the Pump in her hair rollers. [Andy Roddick and Brooklyn Decker](#) breakfasted at Olives NY. [Pamela Anderson](#) will be squeezing herself into a red bathing suit again for a cameo in Paramount's tongue-in-cheek *Baywatch* movie. And *Sports Illustrated* writer Grant Wahl devotes an entire chapter of his book, *The Beckham Experiment*, to the bromance between [David Beckham and Tom Cruise](#).

Longtime Marquee bouncer and ex-boxer [Wass Stevens](#) was arrested for attacking a college student outside Avenue with the metal end of a velvet rope. [Jason Lee](#) was thrown out of Ludlow Street's Max Fish after he and another bargoer started shoving each other. [Manny Ramirez](#) worked out at the New York Health & Racquet Club before the Dodgers slammed the Mets. [Jill Zarin's](#) overdecorated East Side apartment is on the market for \$3.2 million.
